The Examining Committee shall be appointed by order of the Director of the Institute and shall be composed of three members, one of which will be the project manager, who will be a technologist or researcher and may be internal or external to the institution, and two substitutes members who are researchers and experts in the field and who could be internal or external to the institution. The Director, if it is deemed necessary to activate the procedure for evaluating the equivalence of qualifications obtained abroad, as in the last sentence of Article 3, paragraph 1 of the Regulations, may appoint, as one of the members of the Committee, a university professor. The functions of secretary may also be provided by a member of the Committee.

At the first meeting, the Committee will appoint its own president, and, if necessary, the member who will perform the functions of secretary.

The Committee may also carry out its processes with the aid of videoconferencing tools.

The Committee shall conclude its work within sixty days of the deadline for submitting applications, except in cases in which this is impossible on reasonable grounds.

Article 7

Selection Procedure and Ranking

The Committee will make its selection by evaluating qualifications and holding interviews. The Committee will give a total score of up to 100, composed of 70 points for the assessment of the qualifications and 30 points for the interview. Admission to the interview stage requires a score of 25/70, while the minimum score for the interview is 18/30.

The Committee will declare the preliminary criteria and parameters which it will adopt, with specific reference to the characteristics of the research project. These criteria and parameters include the requirements for the type of grant such as an assessment of degrees, diplomas and certificates of attendance for post-graduate qualifications, obtained in Italy and abroad, and of research activities in public or private institutions, under contracts, grants or assignments of collaboration, both in Italy and abroad, in the manner stated in Article 4.

Those who have submitted an application to be selected that meets the terms and conditions referred to in Article 4 and who have not received notice of exclusion from selection by certified electronic mail (PEC) are required to appear on **10/05/2024** at **14:00** by connecting electronically through the edumeeting platform, activated by entering the address on any browser, e.g. Firefox or Chrome: **<https://edumeeting.area.fi.cnr.it/>**, name of channel: **selezione_IFAC-02-2024-FI**, (in the field "Your name" enter your first and last name and click "Audio and video", to allow edumeeting to use your computer's microphone and camera), to support the interview.

Anyone wishing to attend for an oral interview can do so by presenting themselves at the office or through the link above. This notice is an official notice for the candidates, to whom no other communication will be sent. Each candidate will be informed, before the interview and by letter sent by certified electronic mail (PEC), of the score obtained in the evaluation of their qualifications.

After the interview, the Committee will compile a list of the examined applicants, giving the score each candidate obtained in the interview; the list, signed by the president and the secretary of the Committee, will be posted at the interview site on the same day as the interview.

To be eligible for interview, applicants must present a valid identity document. Applicants who do not present this at the interview will be declared ineligible.

At the end of its work, the Committee will prepare a report in which reasoned judgments on each applicant are expressed, even if these are in a not extended form.

The Committee will rank the candidates by merit in descending order with respect to the final score, which will be the sum of the scores achieved in the evaluation of qualifications and the interview, and indicate the winner/s. In the case of equal scores, the younger candidate will be preferred.

The merit ranking will be approved by the Director of the Institute, and will be published by the same Director on the notice board of the interview site, on the CNR website: www.urp.cnr.it, and using all other forms of advertising provided for in this notice of selection.

All applicants will be informed of the final results through a certified electronic mail (PEC) message. Just the winner is included in the public ranking. However, the Director of the Institute, after consulting the head of the research project, can replace one or more of the winners if they renounce the grant before using it, following the order of the ranking as defined in the paragraph nine.

The National Research Council will not reimburse the candidates for any expenses incurred for participation in the interviews.

Article 8

Formalization of the Relationship and Termination of the Contract

Within 15 days of publication of the list, the Director of the Institute will submit to the selected winner/s, in duplicate, the order that assigns the research grant, in which, among other things, the starting date of the research will be mentioned. By the deadline of 15 days from the date of receipt of the said notice, it is mandatory for the selected winner/s to return a copy of the said notice, countersigned to show their acceptance, and a declaration that she/he/they is/are not under any of the impediments of Article 3, paragraphs 3, 4, or 5 and Article 4, paragraphs 2 or 3 of the Disciplinary concerning the conferment of assignments for the carrying out of research activities in accordance with Article 22 of the Law 240 of 30 December 2010 (https://archivio.urp.cnr.it/copertine/urp_evidenza/Nuovo_disciplinare_assegni_di_ricerca.pdf). Any delay in the beginning of the research can be justified only in the cases provided for by Article 2 of this notice of selection or for reasons of force majeure duly substantiated.

The research grant cannot be held jointly with scholarships provided by the CNR or other organizations or research institutions, except those granted by the CNR or a national or foreign institution which serve to supplement the research activities of grant holders with visiting periods abroad. The holders of research grants may attend PhD courses that do not result in the payment of scholarships.

Employees of the CNR with permanent or fixed term contracts, and permanent staff employed by other parties as indicated in Article 22, paragraph 1, of Law 240/2010, cannot apply, and an application would involve being placed on leave without payment being made to the contractor or government employee. According to Article 22, paragraph 3, of the aforementioned law,

holding this grant is not compatible with participation in an undergraduate or Master's degree, a PhD with a scholarship or a medical specialization school, in Italy or abroad.

The contractor must submit to the Director, through certified electronic mail (PEC), within 30 days from the date of acceptance of the grant, the following documents prepared in accordance with the provisions of the Decree of the President of the Republic 445/2000:

- a) self-certification, indicating date and place of birth, citizenship, possession of political rights, and education;
- b) a declaration in lieu of a notice, on ordinary paper, of not having been dismissed or retired from the Public Administration (Civil Service) for persistently poor performance, not having had any other state employment revoked for having been appointed after the production of false or invalid documents, and not having been disqualified from holding public office on the basis of *res judicata*;
- c) copy of fiscal code card (codice fiscale);
- d) in case the winner is an employee of the Public Administration, before beginning the research activity she/he must submit a copy of the order under which she/he is placed on leave without pay.

Documents issued by the competent authorities of the state of which a foreign grant holder is a national must comply with the provisions in force in that state.

An individual who, after starting the planned activity, interrupts it without justification, does not carry it on regularly and continuously for the entire term, is responsible for serious or repeated misconduct or, finally, proves not to have a satisfactory attitude, may be refused, with a reasoned decision of the Director of the Institute, the further reception of the payment of the grant.

A measure referred to in the preceding paragraph will be taken on the proposal of the scientific director. If the grant recipient, for personal reasons, cannot carry through the planned activities and decides to give up the grant in advance, she/he shall promptly inform the Director of the Institute and the scientific director. It is understood, in this case, that the grant holder must return any amounts received and not due.

In the event that the funding fails, the Director of the Institute reserves the right not to confer, or to withdraw, the allowance for reasons justified by the scientific director or the funding agency. In the event of revocation, the Director will give 30 days' notice. In the case of activities already in progress, the instalment of the research grant will be paid up to the date of closure of the project.

Article 9

Evaluation of the Research Activity

The scientific director and the grant recipient shall, before the expiry of the contract, forward to the Director of the Institute a complete report showing the progress of the research.

The Director will consider the report using reasoned judgment and at his own discretion. In the case of a positive evaluation, and at the request of the scientific director, the Director will decide on the renewal of the grant and, in this case, on the upgrade to the next highest amount for the type of grant referred to in this notice of selection (Article 9, paragraph 5 of the Regulations).
