## Open access funding

Visit Springer Nature's [open access funding & support services](#) for information about research funders and institutions that provide funding for APCs.

Springer Nature offers agreements that enable institutions to cover open access publishing costs. Learn more about our [open access agreements](#) to check your eligibility and discover whether this journal is included.

Springer Nature offers APC waivers and discounts for articles published in our fully open access journals whose corresponding authors are based in the world's lowest income countries (see [our APC waivers and discounts policy](#) for further information). Requests for APC waivers and discounts from other authors will be considered on a case-by-case basis, and may be granted in cases of financial need (see [our open access policies for journals](#) for more information). All applications for discretionary APC waivers and discounts should be made at the point of manuscript submission; requests made during the review process or after acceptance are unable to be considered.

## Creative Commons licenses
